Technical Skills

- **Languages-** HTML, CSS, JavaScript, Python
- **Frameworks/ Technologies –** Bootstrap, Git/GitHub

Projects

Spotify clone - Visit

- Built Spotify clone music website with an elegant design and responsive across various platforms.
- The front end of the website is done using HTML and CSS with a smooth and appealing design for the optimum user experience.
- I integrated **Play / pause** and **next** feature using JavaScript along with integrating music play back algorithm.
